Foundation

We take great pleasure in introducing ourselves as one of the upcoming Interior Contracting firm, started eighteen years ago with Interior, civil and electrical turnkey contract projects for well established Multinational Companies, Public and Private Sector Banks, Software Institutions etc., and completed them to their utmost satisfaction.

It will not be out of place to mention here that all our Projects have been executed on time with an accent on quality and total commitment.

We have built a strong network of people with complementary skills from different Origins, different upbringings and different Culture together and they are the integral part of a cross cultural team of our success.

In a remarkably short span of time, we have become a Company to be reckoned with, because of our dedicated work and attention to the execution, our impeccable quality and our innovative ability. We always vouch for the quality and looks of our products.

Quality Policy

Total Customer Satisfaction through quality products, materials right from the first time - and every time.
